

# Waterford Place Newsletter

## Resident News

Thank you so much for those of you who were able to make it to our Super Bowl Party! We had such a great turnout and so much fun! We look forward to doing it again next year!

Dryer Vents will be cleaned out soon! Keep a look out for a note when that will begin!

The trash compactors are for regular household garbage only. Any car parts, building supplies, furniture, things from your new home if moving must be taken to the Catawba County landfill in Newton. If you see someone dumping that does not live here, please try to get a license plate number so that we can prevent this from happening on our property.

We are noticing a high volume of dog waste left around the property. Please pick up any solid waste left by your pet left around the property. No one likes to step in it!

I have included a March Madness Bracket to be filled out and turned into the office before the evening of the March 19th (Teams will be announced on March 16th) to be entered for a prize that will take place in April for Resident Appreciation Month.

## Living at Waterford Has It's Perks!!

Remember to stop by the office and pick up your Waterford Place Perk Card if you haven't already to be able to take advantage of some great area deals that are exclusive to our residents!

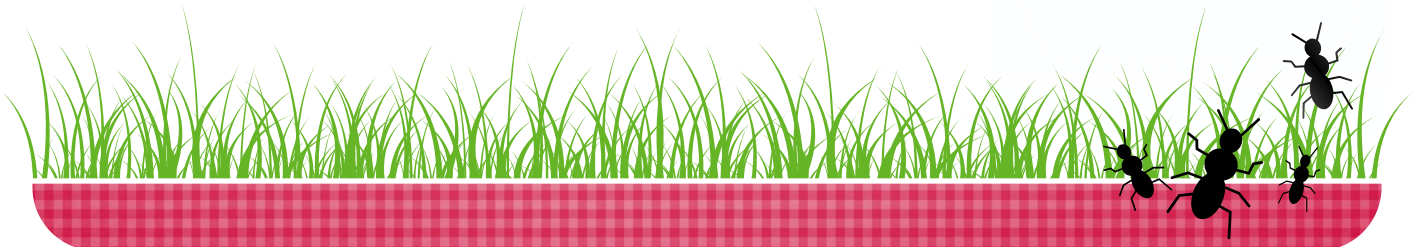

Also—Melony Pennell, from Kelly & Co. would like to extend a discount of 10% for being a Waterford Resident as well! Call 828-270-4794 for an appointment today!

## Social Media

Check out Waterford Place on Facebook and Pinterest! If no one else will, we will be your friend!!

## Waterford Place Pet of the Month

Maggie is the floppy eared friend of many of the dogs at Waterford, especially past dogs of the month Derp and Dutch. When she's not trying to track down rabbits and squirrels she loves playing in the Dog Park, riding in the car and meeting everyone she can in the Waterford Community. Thank you Maggie for being the pet of the Month! Gotta love that smile!

## Adopt from the Humane Society and Receive 1/2 off of the Pet fee!

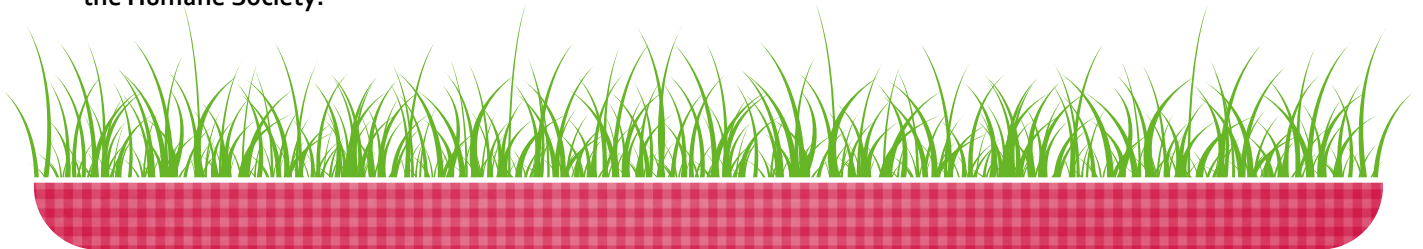

These special animals live at the Humane Society and are looking for a loving home! If you are considering getting a "friend" for your apartment, please adopt! Here are only two of many animals that reside at the Humane Society of Catawba County who are looking for a furever home!

**Avalon** is a domestic short-haired cat who is five months and twenty three days old. She has been spayed and housetrained and is only \$50.00 to adopt through the Humane Society.

**Durango** is an Australian Shepherd/Border Collie Mix. He is 2 years, 2 months, and 21 days old! He has been neutered and is only \$100.00 to adopt through the Humane Society.

## Paper Clouds Apparel

Paper Clouds Apparel was formed to showcase the creative minds and artistic abilities of individuals with special needs while raising funds to provide financial support for special needs schools and organizations. We achieve this goal by selling t-shirts, hats and totes featuring artwork designed by individuals with special needs. Paper Clouds Apparel also hires individuals with special needs to package all of our sensory-friendly clothing. Fifty percent of the net proceeds from the sale of all merchandise is given to the cause we are promoting in each campaign. Visit [www.papercloudsaparel.com](http://www.papercloudsaparel.com) to order your t-shirt to help a special needs child.

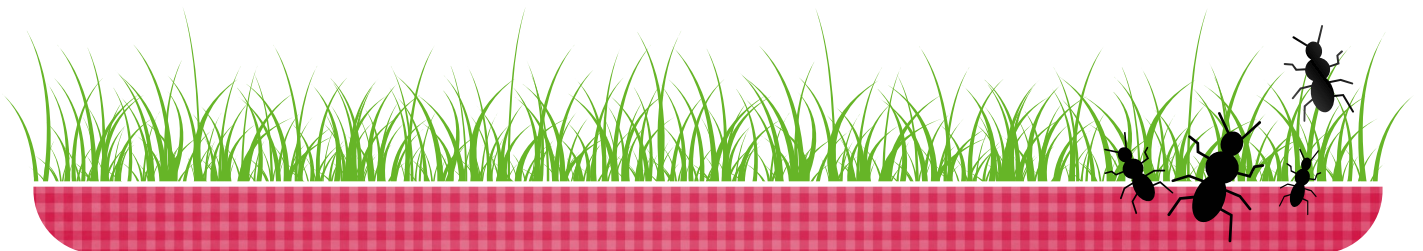

## Maintenance Tips

**Toilets:** If you get a clog in your toilet the first thing you should do is try plunging it. If that doesn't work please contact the leasing office for maintenance. If your toilet is overflowing or leaking please turn off the valve at the bottom rear of the toilet, this will shut off the water.

**Resetting Breakers:** If a breaker is tripped it will be slightly offset compared to the others. Wait for a minute, turn it completely off and then flip it on again. If this doesn't correct the problem try unplugging a few items on the circuit and try it again. This should correct the problem but if it persists please contact the leasing office.

**Fire Sprinklers:** For your safety, if there should be a fire the sprinklers in your apartment are capable of pumping out over 100 gallons of water per minute. Please be cautious of the sprinkler heads by not hanging things from them, tampering with them, or causing accidental breakage from throwing items near them.

As always, contact the office with any questions.

## Have Kids and Want to Save Money? The restaurants below offer Kids Eat Free/Discounts
